## City of Farmington Hills Keeps Community Informed Via Interactive Road Construction Map

- Details on road projects available on cell phones.
- Current construction involves both local and major roads.
- Interactive map helps commuters avoid backups.

FARMINGTON HILLS, Mich., May 3, 2023 – The City of Farmington Hills, the Michigan Department of Transportation, and the Road Commission for Oakland County will undertake projects during construction season involving the rehabilitation or resurfacing of several local and major roads. Community members are encouraged to stay informed via the City’s Interactive Road Construction Map available at <https://experience.arcgis.com/experience/ebef7f1ab94def8000dc009235eeb7>.

Everyone who lives or works in Farmington Hills will be impacted by orange barrels on their commute throughout the City. So that commuters may avoid potential traffic backups, the Interactive Road Construction map has been created to provide exact locations and parameters for road projects, water main and culvert replacements, and gravel road conversions.

The City appreciates everyone’s patience as roads are improved in Farmington Hills. For more information, call the City’s Engineering Division at 248-871-2560 or visit [www.fhgov.com](http://www.fhgov.com).
