**Road Trip Ready? Farmington Hills Fire Department to  
Host Free Car Seat Inspections on Sunday, May 4**

*Proper car seat installation can significantly decrease injuries to children in car crashes*

**FARMINGTON HILLS, Mich. (April 16, 2025)** – The Farmington Hills Fire Department (FHFD) is working to reduce risks on the road through promoting safe car seat practices for families. Memorial Day weekend is approaching and that means the unofficial start of summertime – and road trip season – in Michigan. Nationally certified child car seat technicians from the FHFD will be available to assist community members at a free car seat inspection event on **Sunday, May 4 from 8 a.m. to 12 p.m.** Community members must make an appointment in advance for this important service.

“We know that proper car seat installation can drastically reduce injuries to children in the event of a car crash, but it can be confusing to properly install a car seat since every vehicle is slightly different,” said Farmington Hills Fire Chief Jon Unruh. “Our staff is trained to confirm your child’s seat is installed properly, no matter what type of vehicle you drive. We just want to make sure your child is as safe as possible.”

According to the National Highway Traffic Safety Administration (NHTSA), nearly 50% of all child car seats are installed or used incorrectly. Additionally, NHTSA estimates that properly installed car seats reduce the risk of fatal injury by approximately 70% for infants and 50% for toddlers. It’s important to know the recommended stages to ensure each child is in the right type of car seat or booster seat for their age, height and weight, and that it is installed in the correct position.

Technicians will check for accurate installation and possible recalls of car seats. Parents or caregivers will also be given instruction on how to install and use the car seat. Inspections take approximately 45 minutes and are free to the public with no residency requirements.

Inspection appointments will be held at Fire Station #3, located at 29260 Grand River Ave. **Appointments must be confirmed by Friday, May 2.** To register for a free child car seat inspection appointment, contact [FDevents@FHgov.com](mailto:FDevents@FHgov.com).

*Note for reporters: Although the Cities of Farmington Hills and Farmington share similar names and are both communities in Oakland County, they are two distinct and separate cities. Farmington Hills is the larger of the two, both in population and size. Farmington is a historic city with its own unique governance and community. Please be sure to differentiate between the two cities in your reporting to avoid confusion.*
