

The Public Art Program at The Hawk was initiated in 2021 to enhance the newly renovated community center. The program brings art into our daily lives, generates conversation and inspires guests to be creative and enroll in the many art classes and Makerspace workshops offered in the building.

Featuring work from 33 talented artists from Farmington Hills and surrounding communities, the artwork is on loan to the City for the next two years. Most of the artwork is for sale directly through the artist. The City gratefully thanks the artists who have so generously loaned their work. For more information about the program and the Cultural Arts Division of Farmington Hills Special Service Department, 248-699-6709.
